WHAT'S NEW for 2021

NOTE: The following is a brief description of each Act and is not intended to replace a careful reading of the Act in its entirety. The Arkansas Legislature enacted numerous changes to the Arkansas Tax Code in 2019. However, many of those changes are not effective until future tax years.

Federal Tax Changes adopted in the 2020 Cares Act can only be adopted for Arkansas if the Arkansas Legislature adopts them in the 2021 Legislative Session.

Act 822 of 2019 amends Arkansas Code Annotated 26-5-101, Article IV and 26-51-709 through 26-51-718 to provide for a single sales factor to apportion income from within and without Arkansas for tax years beginning on or after January 1, 2021. For tax years beginning on or after January 1, 2021, all taxpayers with income from sources within and without Arkansas must use a single sales factor to apportion income from Arkansas unless the taxpayer is subject to a special industry apportionment method authorized for;

1. Railroads by Regulation 1.26-51-204,
2. Private Railcar Operators by Regulation 2.26-51-204
3. Construction Contractors by Regulation 1.26-51-718(d)
4. Television and Radio Broadcasting by Regulation 2.26-51-718(d)
5. Publishing by Regulation 3.26-51-718(d), and
6. Pipelines by Regulation 6.26-51-718(d).

Airlines are required to use sales factor apportionment only under Regulation 4.26-51-718(d) and Bus Lines and Trucking Companies are required to apportion using a mileage factor only under Regulation 5.26-51-718(d) and the mileage should be reported in the sales factor area of Schedule A for Form AR1100CT.

Act 822 also amends Arkansas Code Annotated 26-51-205 to reduce the maximum corporation income tax rate to 6.2% for taxable income that exceeds \$100,000 for tax years beginning on or after January 1, 2021. For tax years beginning on or after January 1, 2022 the maximum tax rate shall be 5.9% for all income exceeding \$25,000. The maximum tax rate for tax years beginning before January 1, 2021 is 6.5% for income exceeding \$100,000.

Act 822 amends Arkansas Code Annotated 26-51-427 to allow net operating losses occurring in tax years beginning on or after January 1, 2020 to carry forward for 8 tax years and losses occurring in tax years beginning on or after January 1, 2021 to carry forward 10 years. Net operating losses that occur in tax years beginning before January 1, 2020 carry forward 5 tax years.

Tax Exemptions for certain Economic and Covid-19 related U.S. Government payments

Act 95 of 2020 created Arkansas Code Annotated 26-51-316 and exempts from Arkansas income tax payments made to a taxpayer by the United States Department of Agriculture under the Market Facilitation Program authorized by 15 U.S.C. §714c as it existed on January 1, 2020. Expenses for losses related to the receipt of a payment to a taxpayer under the Market Facilitation Program are not deductible or otherwise permitted to offset any other income from the tax year in which the loss or expenses are incurred. Act 95 of 2020 is effective for tax years beginning on or after January 1, 2020.

Act 248 of 2021 amended Arkansas Code Annotated 26-51-404(b) to add the following exclusions from gross income;

1. Title 15 U.S.C. § 626A(i) as in effect on January 1, 2021 exempts sums received under the Paycheck Protection Program of loan forgiveness as included in § 304(b), 276(a) and 276(b) of the Consolidated Incentive Act of 2021, Public Law 116-260.
2. Section 277 of the Consolidated Appropriations Act concerning the tax treatment of certain emergency financial aid grants to students.
3. Section 278 of the Consolidated Appropriations Act concerning the clarification of the tax treatment of certain loan forgiveness and other business financial assistance. Section 278 includes exemptions for Paycheck

Protection Program loan forgiveness under section 1109(d)(2)(d) of the CARES Act, Economic Injury Disaster Loan grants also known as EIDL Grants from the Small Business Administration under section 1110(c) of the Cares Act and section 331 of the Hard-Hit Small Businesses, Nonprofits and Venues Act, Subsidies for certain SBA loan payments described in Section 1112(c) of the Cares Act and Grants for Shuttered Venue Operators under Section 324 of the Hard-Hit Small Businesses, Nonprofits and Venues Act.

4. Payments received under the Coronavirus Food Assistance Program described in 7 C.F.R. Part 9 as it existed on January 19, 2021.

Expenses related to the exclusion of income under Act 248 of 2021 are deductible. Income exempted under Act 248 of 2021 and Act 95 of 2020 must be added back in the calculation of net operating loss as required by Arkansas Code Annotated 26-51-427(2).

There are a number of federal and state financial assistance programs that are not exempt from Arkansas income taxes. Among the assistance programs that are not exempt are any government assistance programs included in the American Rescue Plan Act (ARPA) such as;

- 1.the Restaurant Revitalization Fund Grants,
- 2.Rural Health Care and Development Grants, USDA loan subsidies,
- 3.EIDL Grants under ARPA,
- 4.PPP loan forgiveness under ARPA,
- 5.Emergency Rental Assistance under ARPA and the Consolidated Appropriations Act,
- 6.Arkansas Ready for Business Grants and
- 7.any other federal, state or local financial assistance program not specifically exempted by Arkansas law.

Other tax law changes affecting Arkansas Corporation Income Tax

Act 143 of 2021 amends Arkansas Code Annotated 26-51-102 to include a definition for tax practitioner and Arkansas Code Annotated 26-51-806 to require a tax practitioner who files federal income tax returns electronically to also file Arkansas returns electronically and allows DFA to waive the requirement if the requirement would cause an undue hardship on the practitioner.

Act 145 of 2021 amends Arkansas Code Annotated 26-18-705(b) and allows DFA to waive certificate of indebtedness filing fees in addition to the existing authority to waive penalties and interest of a taxpayer under certain circumstances.

Act 362 of 2021 creates A new Chapter 65 to Arkansas Code Title 26 and creates the Elective Pass-Through Entity Tax for tax years beginning on or after January 1, 2022. Act 362 allows members holding 50% or more of a pass-through entity to elect to have the pass-through entity pay Arkansas income taxes itself instead of passing the income through to the members to pay income tax on their personal income tax returns or on a composite return. Act 362 also amends Arkansas Code Annotated 26-51-404 to exempt income subject to similar taxes in other states from Arkansas income tax for residents and part-year residents for tax years beginning in 2022 and after. The pass-through entity tax election must be made by the extended due date of the income tax return, but may be made at any time prior by registering for the tax on combined registration forms or by completing Form AR362. Form AR362 and vouchers for estimated payments for the Pass-through Entity Tax should be available in January, 2022. The election to be taxed at the entity level and the exemption from income tax of income subject to similar taxes in other states is not available for 2021.

Act 563 of 2021 amends Arkansas Code Annotated 26-51-1011(c)(1) to allow water conservation projects receiving certificates of tax credit approval on or after January 1, 2017 five years to complete a project instead of the previous three year requirement.

Act 586 of 2021 creates a new subchapter 11 to Arkansas Code Title 26, Chapter 18 and authorizes an independent Tax Appeals Commission to hear administrative appeals of tax assessments and refund denials made by the

Department of Finance and Administration. The Commission will begin accepting and trying tax disputes by January 1, 2023.

Act 593 of 2021 details the steps in transition to the independent Tax Appeals Commission.

Act 594 of 2021 creates a new subchapter to Arkansas Code Title 26, Chapter 51 and creates the Arkansas Wood Energy Products and Forest Maintenance Income Tax Credit. The credit is equal to 30% of the cost of qualifying equipment with a minimum investment of \$50 million required in a project approved by the Arkansas Economic Development Commission with a signed economic incentive agreement. Each project must create at least 100 new full-time jobs with an average salary of \$60,000 per year. Up to \$5 million of the credit may be claimed each year and the State of Arkansas may purchase the tax credits at 80% of face value. Unused credits may be carried forward in perpetuity until fully claimed. Act 594 is effective for tax years beginning on or after January 1, 2021.

Act 628 of 2021 amends Arkansas Code Annotated 15-4-2306(b) by allowing the Arkansas Public Roads Improvements Credit to offset 100% of the tax liability instead of the current 50% for tax years beginning on or after January 1, 2020. The credit is equal to 33% of the taxpayer's contribution to an approved road improvement project.

Act 629 of 2021 amends Arkansas Code Annotated 26-51-807(a) to allow taxpayers an extension to file of one month after the extended due date for a federal income tax return for tax years beginning on or after January 1, 2021. The one month extended due date does not apply to returns for which a federal extension is not requested and does not extend the original due date. As a reminder all tax payments are due on the original return due date and interest at 10% per annum and failure to pay penalties at 5% per month will be assessed on all taxes unpaid after the original due date which is April 15 for calendar year filers and the 15th day of the fourth month after the end of a tax year that does not end in December.

Act 718 of 2021 amends Arkansas Code Annotated 26-18-507 to allow the Department of Finance to use a refund due to a taxpayer as payment of an outstanding state tax delinquency of the taxpayer after a final assessment has been issued for the delinquency.

Act 797 of 2021 amends Arkansas Code Title 15, Chapter 4, and subchapter 20 to allow a rebate or a tax credit for approved film projects. The income tax credit or rebate is equal to 20% of all qualified productions and post-productions costs for an approved project that spends at least \$200,000 in a six month period. An additional 10% of payroll costs for full-time Arkansas residents or veterans or to veteran owned small businesses are allowed for the credit or rebate. The credit is limited to the first \$500,000 of a highly compensated individual's salary. The Arkansas Economic Development Commission shall not approve more than \$4 million in film tax credits in any fiscal year. Credits exceeding the \$4 million annual cap may be approved if the Department of Commerce and the Department of Finance and Administration jointly approve supplemental credits. Unused credits may be carried forward for 5 tax years after the tax year issued and unused credits may be transferred.

Act 840 of 2021 amends Arkansas Code Annotated 26-51-2204 to increase the annual cap for the Arkansas Historical Rehabilitation Tax Credits approved each year from \$4 million per fiscal year to \$8 million per fiscal year beginning with fiscal year 2022.

Act 875 of 2021 amends Arkansas Codes Annotated 26-51-1005, 26-51-1007, 26-51-1009 and 26-51-1013 to increase the maximum credits allowed for each water conservation tax credit and increases the carry forward for all water conservation tax credits to 15 years. See the section of this instruction booklet on Business Incentive Credits for the specific changes to each water conservation credit type.

Act 895 of 2021 amends Arkansas Code Annotated 26-51-506 to create a new Steel Specialty Products Manufacturing Credit equal to 30% of the cost of equipment including installation costs for an approved Arkansas project that invests at least \$200 million and employs at least 150 employees with an average salary of at least \$75,000 per year. The maximum credit that may be claimed each year is \$4 million if the total investment is \$200 million to \$275 million, \$5 million if the investment is \$275 million to \$350 million and \$6.5 million if the investment exceeds \$350 million. The State of Arkansas has the option to purchase these credits each year for 80% of face value. If the State fails to purchase credits the taxpayer or a transferee may carry forward unused credits for 3 tax years.

Act 904 of 2021 creates a new subchapter 22 to Arkansas Code Title 26, Chapter 18 and creates the Philanthropic Investment in Arkansas Kids Scholarship Program. The income tax credit is equal to 100% of the contribution to an eligible scholarship granting organization. Total tax credits shall not exceed \$2 million per calendar year and unused credits may be carried forward for 3 tax years. Tax credit applications must be submitted to and approved by the Tax Credits and Special Refunds Section of the Department of Finance & Administration.

Act 911 of 2021 amends Arkansas Codes Annotated 15-4-2703 and 15-4-2706 to allow project costs for job retention tax credits to be incurred within 6 years from the date the incentive agreement was approved instead of the current 4 years. Credits earned because of costs incurred more than 4 years after the incentive agreement is approved may not be claimed until on or after July 1, 2023 and the maximum credits for each qualified applicant may not exceed \$750,000 per fiscal year.

Act 967 of 2021 creates a new subchapter to Arkansas Code Title 26 Chapter 51 and creates the Railroad Modernization Tax Credit for Class II and Class III railroad track maintenance. The credit is equal to 50% of railroad track maintenance expenditures up to \$5,000 per track mile. The credit claimed each year may not exceed the tax liability and unused tax credits may be carried forward up to five tax years and may be transferred. Maintenance projects must be approved by the Department of Commerce before expenditures are incurred and the certification of the tax credits shall be issued by the Department of Finance and Administration. Act 967 is effective for tax years beginning on or after January 1, 2021.

Act 1041 of 2021 repeals the Small Business Entity Tax Pass-Through Act in Arkansas Code Title 4, Chapter 32 and creates the Uniform Limited Liability Company Act in a new Chapter 37 of Arkansas Code Title 4. The Act specifies that a Limited Liability is classified and taxed in the same manner for Arkansas purposes as it is for Federal income tax purposes unless it elects to be taxed under the Elective Pass-Through Entity Tax Act, Act 362 of 2021.

Act 760 of 2017 amends **ACA 26-51-919(a)(2), (b)(I)(A)(i), (c)(5)(A)** and **(d)** for the income tax withholding requirements for members or owners of a pass-through entity to require withholding on corporate partners and to allow corporations to participate in composite returns. Amended Tax Returns

For tax years beginning on or after January 1, 2010 the AR1100CTX Arkansas Amended Return form was removed. An Arkansas Amended Return will be filed on the Form AR1100CT by checking the appropriate box as filing an Amended Return. Taxpayers should use Form AR1100CTX for tax years 2009 and prior. A copy of the corporation's Federal Amended Return, or IRS audit report, or an explanation for filing the Arkansas Amended Return must be attached to the Form AR1100CT.

Arkansas Form AR1100CT

To correctly process the Corporation's return it is essential that every applicable line and space on Form AR1100CT and related schedules be typed or printed including tax year, corporation name, address, city, state, zip code, telephone number, FEIN (Federal Employer Identification Number), date of incorporation, NAICS business code used on the federal return, date began business in Arkansas, and filing status (check one box only). If consolidated box 4 is checked, you must also indicate number of entities in Arkansas in the space immediately to the right of Filing Status 4 description.

Consolidated filers must complete a Form AR1100CT (with Schedule A if applicable) for each corporate entity and a separate Form AR1100CT for the consolidated group. If Filing Status 4 is checked, do not check any other filing status box. An Arkansas consolidated group with its members having business activity only within Arkansas must check the box for filing Status 4.

To correctly process Corporate Income Tax payments, use the AR1100ESCT for Estimate payments and AR1100CTV for Corporate Income Tax payments. For Composite payments use the AR1000CRES for Estimate payments and AR1000CRV for Composite return tax payments.

ATAP - Arkansas Taxpayer Access Point

Arkansas Taxpayer Access Point (ATAP) is available for the filing of most Arkansas Corporation Income Tax returns and tax payments. Federal returns and other required schedules must be attached with the ATAP filing or mailed separately to the Corporation Income Tax Section. They may be provided on CD, in PDF, or in paper form. The secure online filing, managing, and payment options of ATAP are available at www.atap.arkansas.gov. Taxpayers and their authorized representatives will be able to view and manage their Corporation Income Tax activity including other tax activity such as Individual Income Tax, Sales Tax, Withholding Tax, and other taxes administered by DFA.

Accountants and attorneys must obtain permission from their clients to access and view their client's accounts. ATAP is a web-based service that will give taxpayers, or their designated representative, online access to their tax accounts, and offers the following services:

Register a business, file a return online, file a return using XML return upload, change a name, change an address, amend a return, make a payment, store banking information for use during payment submission, view tax period financial information (tax, penalty, interest, credits, balance, etc.), view payments received, view recent account activity, and view correspondence from the department.

If you are currently enrolled with our online systems to either make payments or file a return electronically, you will need to sign up in ATAP to take advantage of the enhanced services. To correctly process payments on ATAP, make sure you are choosing the correct type of payment and applying it to the correct tax period.

The Arkansas Corporation Income Tax Return must be organized as follows:

Each member's Arkansas Business Incentive Tax Credit may be combined to reduce the consolidated group's total tax liability without separate

entity restrictions, except for the Arkansas Economic Development Credit and ArkPlus Credit. Charitable contribution limits are calculated on a separate corporation basis for consolidated filers.

All percentages used in determining the apportionment factor on Schedule A must be calculated to 6 places to the right of the decimal (example 35.333452%).

Estimated Tax Requirements

ACA 26-51-911(c)(1) and **ACA 26-51-913(a)(2)** adopt federal due dates for making declarations of estimated Arkansas income tax. Arkansas taxpayers are required to file an Estimated Declaration when their liability exceeds \$1,000. The AR1100ESCT, Estimate Payment Vouchers 1 through 4, and Extension Voucher 5 for tax year 2021 are not included in these instructions. You will find them at our website, www.dfa.arkansas.gov. Filling the forms out online will automatically fill in the taxpayer information and provide the appropriate scan line needed for proper processing.

To make sure payments are processed correctly, please use the correct payment voucher. Use the AR1100ESCT vouchers for Corporation Income tax payments. For Individual Composite payments use the AR1000CRES vouchers.

ACA 26-19-106 provides that a corporation with an estimated quarterly income tax liability equal to or greater than \$20,000.00 must pay the estimated quarterly income tax due by electronic funds transfer (Refer to General Instructions). Corporations that underestimate their corporate tax liability must calculate any penalty due as applicable, on Part 2 of Form AR2220, and enter the penalty amount on page 1, Line 45 of Form AR1100CT. Enter the numerical exception from Part 3 in the box on Line 45 if applicable.

If a corporation is required to remit Arkansas estimated corporation income tax payments through the Electronic Funds Transfer (EFT) method, **ACA 26-19-107** authorizes the assessment of an EFT penalty equal to five percent (5%) based on the amount of taxes due. Taxpayers who are required to pay by EFT will be notified in writing by the Department. **The Form EFT-CT is no longer used to register for EFT payments. You will find current instructions at <https://www.dfa.arkansas.gov/excise-tax/sales-and-use-tax/electronic-filing-and-payment-options/> or by calling Excise Tax at (501) 682-7105.**

Copy of Federal Return is Required

However, only corporations in the affiliated group that have gross income from sources within the State that is subject to Arkansas income tax are eligible to file consolidated income tax returns in Arkansas. An Arkansas consolidated group with its members having business activity only within Arkansas must check the box for Filing Status 4.

All corporations in the affiliated group that are eligible to file an Arkansas Consolidated corporation income tax return must consent to, and join in, the filing of the return prior to the last day for filing. The filing of the consolidated return will be considered as consent of each eligible corporation in the affiliated group.

Each member's separate net income or loss must be consolidated on a group Form AR1100CT beginning on Line 30. Schedule A should not be completed for the consolidated group, but must be included for signature by a corporate officer.

A complete copy of the Federal return must be attached. A schedule listing each intercompany transaction and adjustment, identifying the entity by FEIN to which it applies must be submitted if this information is not clearly shown on the Federal return.

Extensions of Time for Filing

If you have received an automatic Federal extension (Form 7004), the time for filing your Arkansas Corporation Income Tax Return shall be extended until 30 days after the due date of your federal return. When filing the Arkansas Form AR1100CT, check the box at the top indicating that the Federal Extension Form 7004 **and/or** Arkansas Extension Form AR1155 has been filed and file the Arkansas return on or before the extended due date. It is no longer necessary to include a copy of the Federal Form 7004. To request an initial Arkansas extension of 180 days from the original Arkansas return due date **or** an Arkansas extension of 60 days beyond the automatic federal extension due date, complete and mail Arkansas Form AR1155 by the federal extended due date or, if applicable, the Arkansas extended due date to the Corporation Income Tax Section. **If you have an automatic federal extension and do not want to request an additional 60 day Arkansas extension, you do not fill out the Form AR1155. Extensions using Form AR1155 are only available for the filing of original returns.** Approved Arkansas extension(s) must be attached to the Arkansas income tax return when it is filed. Submit payment with the AR1155 Voucher that is attached to the form **only** if you are requesting an Arkansas Extension, unless paying by EFT method.

Act 629 of 2021 amends Arkansas Code Annotated 26-51- 807(a) to allow taxpayers an extension to file of one month after the extended due date for a federal income

tax return for tax years beginning on or after January 1, 2021. To obtain the one-month additional extension to file the return, attach a copy of the requesting document to the corresponding state income tax return. The one month extended due date does not apply to returns for which a federal extension is not requested and does not extend the original due date. As a reminder all tax payments are due on the original return due date and interest at 10% per annum and failure to pay penalties at 5% per month will be assessed on all taxes unpaid after the original due date which is April 15 for calendar year filers and the 15th day of the fourth month after the end of a tax year that does not end in December.

Amended Returns

For tax years beginning on or after January 1, 2010 the AR1100CTX Arkansas Amended Return form was removed. An Arkansas Amended Return will be filed on the AR1100CT by checking the appropriate box as filing an Amended Return. Taxpayers should use AR1100CTX for tax years 2009 and prior. A copy of the corporation's Federal Amended Return, or IRS audit report, or an explanation for filing the Arkansas Amended Return must be attached to the AR1100CT. Arkansas amended returns must be filed within three (3) years from date of filing the original return, or two (2) years from date of payment of tax on the original return, whichever is later, except when required to report the final results of an IRS audit. Refund requests must be filed on the amended return. Attach schedules and an explanation for filing the Arkansas amended return to the AR1100CT. If multistate, attach amended apportionment schedule. If consolidated, attach separate company amended AR1100CT with amended apportionment schedule, if applicable. Interest at 10% per annum will be computed on a daily rate of .00027397 from the original return due date to date amended return is filed and the tax is paid.

Report of Change in Federal Taxable Income

An agreed Revenue Agent's Report (RAR) must be reported on an amended return using the appropriate Form AR1100CT or AR1100CTX (refer to Amended Return instructions). The RAR must be reported to this State within 180 days after the receipt of the RAR or supplemental report reflecting correct net income of taxpayer. **ACA 26-18-306(b)(1-3)** states that a refund shall not be paid if the amended return is filed on or after the 181st day following receipt of the notice from the IRS. Any additional tax and interest must be paid with the amended return or a refund must be requested on an amended return if applicable. Statute of limitations will remain open for three (3) years for assessment of tax if a taxpayer fails to disclose Federal Revenue Agent's Report.

Period Covered

A taxpayer must calculate their Arkansas income tax liability using the same income year for Arkansas income tax purposes as used for Federal income tax purposes (**ACA 26-51-402**). **Arkansas Regulation 1.26-51-102(17)(B)** states, A fractional part of a year (short tax year) means a period of less than twelve (12) months. If a short tax year ends on or before the 15th day of the month, then the short tax year shall be deemed to have ended on the last day of the previous month. If a short tax year ends on or after the 16th of the month, then the short tax year shall be deemed to have ended on the last day of the current month.

Filing Declaration of Estimated Income Tax

Every taxpayer who can expect to owe Arkansas income tax in excess of \$1,000 must make a declaration and the timely pay the estimated tax in equal installments. The declaration shall be filed with the commissioner on or before the 15th day of the 4th month of the tax year of the taxpayer. Taxpayers, whose income from farming for the tax year can reasonably be expected to amount to at least two-thirds (2/3) of the total gross income from all sources for the tax year, may file such declaration and pay the estimated tax on or before the 15th day of the 2nd month after the close of the tax year or the taxpayer may file an income tax return and pay the tax on or before the 15th day of the 4th month after the close of the tax year. To avoid penalty, all other taxpayers must pay quarterly estimates on or before the 15th day of the 4th month, 6th month, 9th month and 12th month of the tax year. The Form AR1100ESCT, Estimate payment vouchers 1 through 4 and Extension payment voucher 5 are not included in these instructions. Filling out the forms on our website, **www.dfa.arkansas.gov**, will automatically fill in the taxpayer information and provide the appropriate scan line needed for proper processing.

Corporations may remit estimated and extension corporation income tax payments through ATAP (Refer to **www.atap.arkansas.gov** for instructions).

If the Director determines that a corporation's estimated quarterly Arkansas income tax liability exceeds \$20,000.00, the corporation is required to pay the estimated quarterly income tax payments due by electronic funds transfer (EFT). The EFT must be made no later than the day before each quarterly due date. If the corporation timely pays the estimated quarterly income tax payments by EFT, the corporation is not required to file a quarterly estimated income tax voucher. If a taxpayer is required to submit estimate payments by EFT, a letter will be sent by DFA notifying the taxpayer of the requirement.

Accounting Methods

A taxpayer must calculate their Arkansas income tax liability using the same accounting method for Arkansas income tax purposes as used for Federal income tax purposes. If a corporation changes its accounting method, attach a copy of any certification or approval received from the Internal Revenue Service authorizing the change of accounting method to the corporation's Arkansas return. **(ACA 26-51-401)**.

Payment of Taxes

The tax should be paid by attaching to the return a check or money order payable to the order of "Department of Finance & Administration." Enclose proper payment voucher with all remittance checks and write the corporation's FEIN or CIT account ID number and the tax year on the check. Payments with returns **may not** be made by EFT. Tax due on returns may be paid through ATAP. (Refer to www.atap.arkansas.gov.) To avoid interest and/or penalty the tax must be paid in full by the original return due date, which is the 15th day of the 4th month after the close of the corporation's tax year. **An approved federal and/or state extension, which allows the corporation's return to be filed on or before the approved extended due date, does not extend the time period to pay the tax due in full.** Interest and/or penalty will be assessed on any tax due paid after the original return due date as referenced above. Payments with a return should include the AR1100CTV payment voucher for Corporation Income tax payments and the AR1000CRV for Individual Income tax.

Penalties and Interest

The following penalties shall be imposed:
(ACA 26-18-208)

- Failure to file timely - 5% per month not to exceed 35%.
- Failure to make timely remittance - 5% per month not to exceed 35%.
- Underestimate penalty - 10% of the amount of the underestimate.
- Failure to file return - \$50.00.
- Failure to make required EFT payment - 5% of the tax due.
- Incomplete electronic payment -10% of the amount of the draft or \$20.00, whichever is greater.
- Failure to Comply - \$50.00.

If any part of any deficiency or tax liability is due to negligence or intentional disregard of rules and

regulations, a penalty of 10% of the total amount shall be added. Any part of any deficiency determined to be due to fraud shall be subject to a 50% penalty. Interest at the rate of 10% per annum shall be assessed on all tax deficiencies. **Interest will be computed using a daily rate of .00027397 from the 15th day of the 4th month after the close of the tax year until the date the tax is paid.**

Balance Sheets

The balance sheet submitted with the return should be prepared from the books and should agree therewith. If there are any differences between current year beginning and prior year ending balance sheets, submit a schedule of reconciliation with the return. All corporations engaged in an interstate and intrastate trade or business and reporting to the Surface Transportation Board, or to any national, state, municipal or other public officer, may submit copies of their balance sheet, prescribed by said Board, national, state or municipal authorities, as of the beginning and end of the taxable year.

(B)For computing the amount of NOL that will be allowed for carryforward purposes, there shall be added to gross income all nontaxable income, not required to be reported as gross income by law, less any related expenses which will otherwise be nondeductible. Multistate tax filers must follow above procedures and apportion NOL by the apportionment formula for year of loss, applying the Arkansas percentage factor for the year of loss against total apportionable loss for that year. Failure to provide a complete schedule of net operating losses (with the return) may result in disallowance of any NOL claimed.

Carryback of NOL is not allowed. Contributions are not to be added to NOL and carried forward.

General Instructions

For Taxpayers with Income from Sources Within and Without the State

Multistate corporations should complete lines 30-46 of page 1, and Schedule A on page 2 of Form AR1100CT. Multistate corporations should not complete lines 7-29 of Form AR1100CT. **For tax years beginning on or after January 1, 2021, all multistate corporations should use the single sales factor only, unless they are required to use a three factor or other apportionment formula under the special industry apportionment regulations.**

Business Income is defined in **ACA 26-51-701(a)** as income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management, and disposition of the property constitute integral parts of the taxpayer's trade or business operations. In essence, all income which arises from the conduct of trade or business operations of a taxpayer is business income. Income of any type or class and from any source is business income if it arises from transactions and activity occurring in the regular course of a trade or business. In general, all transactions and activities of the taxpayer's economic enterprise as a whole constitute the taxpayer's trade or business and will be considered "Business Income", unless otherwise excluded by Arkansas law. **ACA 26-51-701(e)** defines Nonbusiness income as all income other than business income.

Unitary Determination of Intangible Income

Interest, dividends (less than 80% directly owned), rents, royalties, gains, and losses from multistate corporations are apportionable to Arkansas if a unitary business relationship exists between the intangible income and the State of Arkansas. Generally, a unitary business relationship will exist when an activity conducted in one state benefits and is benefited by an activity conducted in another state.

Apportionment Formula

In general, taxpayers with income derived from activities both within and without the State are required to apportion Business Income and allocate the Nonbusiness and Partnership income using the following factors: **For tax years beginning on or after January 1, 2021, all multistate corporations should use the single sales factor only unless they are required to use a three factor apportionment formula under the special industry apportionment regulations.**

Financial Institutions must use the single sales factor as outlined in Arkansas Codes Annotated 26-51-1403. Construction companies, pipelines, publishing companies, railroads, and TV and radio broadcasters must utilize the three factor double weighted sales factor apportionment method with factor modifications. Requirements for apportionment formulas of the businesses listed in this paragraph (except for financial institutions) are contained in the Arkansas Corporation Income Tax Regulations which may be obtained from www.dfa.arkansas.gov/income-tax/corporation/.

Change of Method

Prior approval Required Before Deviation From the Allocation and Apportionment Method: If the allocation and apportionment provisions as set out above do not fairly represent the extent of the taxpayer's business activity in this State, the taxpayer may petition for, or the Commissioner of Revenue, Department of Finance and Administration may require in respect to all or any part of the taxpayer's business activity, if reasonable:

- A) Separate accounting
 - B) The inclusion of one or more additional factors which will fairly represent the taxpayer's business activity in this State,
- or
- C) The employment of any other method to effectuate an equitable allocation and apportionment of the taxpayer's income.

To "petition for" and approved by DFA shall mean a formal written request submitted and approved prior to the filing of a return.

Schedule A-Apportionment of Income for Multistate Corporation

Enter the FEIN in the box provided.

Part A - Income To Apportion

Line 1: Enter federal taxable income before any adjustments, net operating losses, or special deductions from Line 28 of the federal Form 1120. If federal Form 1120 is not filed, use the appropriate line from the federal form that is filed that reflects taxable income before adjustments, net operating loss, and special deductions.

Line 2: Enter any Add Adjustments. Examples Include: Arkansas Corporation Income Taxes Deducted, Bonus Depreciation, Federal Charitable Contributions, and Partnership Loss. (Attach detailed schedule)

Line 3: Enter any Deduct Adjustments. Examples include: Arkansas Depreciation, Arkansas Charitable Contributions, Partnership Income. (Attach detailed schedule)

Line 4: Enter Arkansas Total Apportionable Income. Line 1 + Total Amount from Line 2 - Total Amount from Line 3 = Line 4, Total Arkansas Apportionable Income.

Note: Lines 2 and 3 are for reporting any adjustments to taxable income that result in differences between Federal and Arkansas tax laws. The examples listed above are not intended as an all-inclusive list of required adjustments.

Part B - Apportionment Factor

Column A is for Amounts in Arkansas; Column B is the Total Everywhere; Column C is the Percentage of Column (A)÷(B). Calculate all percentages to six (6) places beyond whole percentages. Example 26.123456%

Property Factor: The property factor is only to be used if the taxpayer is subject to a special industry regulation that requires a modified three factor apportionment method. The property factor is a fraction, the numerator is the average value of the taxpayer's real and tangible personal property owned or rented and used in this State during the tax period, and the denominator is the average value of all the taxpayer's real and tangible personal property owned or rented and used during the tax period. **Please refer to the special industry apportionment regulations for any modifications required.**

Line 1: Enter Property Used in Business

Line a: Tangible Assets Used in Business and Inventories.

- (a1) Enter the amount at the beginning of the year in both Column A and Column B.
- (a2) Enter the amount at the end of the year in both Column A and Column B.
- (a3) Enter total amounts: *(Add Lines a1 and a2) in both Columns.*
- (a4) Enter Average of Tangible Assets: *(Line 3 ÷ 2) in both Columns.*

Line b: Enter Rental Property: *(8 times annual rent Column A and B.)*

Line c: Enter Total Property in both Columns: *(Add Lines a.4 and b).*

In Column C, calculate the Arkansas percent by dividing the amount on Line c, Column A by the amount on Line c, Column B.

Payroll Factor: The payroll factor is only to be used if the taxpayer is subject to a special industry regulation that requires a modified three factor apportionment method. The payroll factor is a fraction, the numerator of which is the total amount paid in this State during the tax period by the taxpayer for compensation and the denominator of which is the total compensation paid everywhere during the tax period. The payroll factor shall include only that compensation which is included in the computation of the apportionable income tax base for the taxable year. **(ACA 26-51-713 and ACA 26-51- 1405)**

Column A is total compensation paid within Arkansas; Column B is total compensation paid everywhere during the tax year; Column C is the percentage of Column (A) ÷ (B).

Line 2: Enter Salaries, Wages, Commissions and Other Compensation Related to the Production of Business Income.

Sales/Receipts Factor: The receipts factor is a fraction, the numerator of which is the total sales of the taxpayer in this State during the tax period, and the denominator of which is the total sales of the taxpayer everywhere during the tax period. The method of calculating receipts for purposes of the denominator is the same as the method used in determining receipts for purposes of the numerator. The receipts factor shall include only those receipts which constitute business income and are included in the computation of the apportionable income base for the taxable year. Arkansas requires receipts to be gross receipts instead of net receipts.

Line 3: Sales/Receipt

(a) Enter Destination Shipped from Within Arkansas: Sale of property that is delivered or shipped by a seller located in Arkansas to a purchaser located in Arkansas.

(b) Enter Destination Shipped from Without Arkansas: Sale of property that is delivered or shipped to a purchaser located in Arkansas regardless of the f.o.b. point or other conditions of the sale.

(c) Enter Origin Shipped from Within Arkansas to U.S.Govt.: Gross receipts from sales of tangible personal property to the United States Government are in this state if the property is shipped from an office, store, warehouse, factory, or other place of storage in this state and the purchaser is the U.S. Government.

(d) Enter Origin Shipped from Within Arkansas to Other Non-Taxable Jurisdictions: Sales of property that is shipped from an office, store, warehouse, factory or other place of storage in Arkansas to a taxpayer that is not taxable in the state of the purchaser.

(e) Enter Other Gross Receipts: Includes items such as interest income, other income, proceeds from sales of assets, rental income. *(Attach schedule)*

Gross receipts from transactions other than sales of tangible personal property are attributed to Arkansas if: 1) The income producing activity is performed entirely within Arkansas or, 2) If the income producing activity is performed both inside and outside of Arkansas, the income reportable to Arkansas is determined by calculating the property, payroll, and sales factor excluding sales from transactions other than the sale of tangible personal property and applying the resulting percentage to the Arkansas sales factor numerator for gross receipts from transactions other than sales of tangible personal property.

(f) Enter Total Sales/Receipts: (Add Lines 3a through 3e). Divide Line 3f in Column A by Line 3f in Column B to arrive at the percentage for Line 3f in Column C.

(g) Enter Double Weighted: Applies only to corporations reporting under the three factor special industry regulations. Corporations using a single sales factor apportionment or a single factor apportionment method for special industries do not double weight sales.

Line 4: Enter Sum of Percentages: Add Column C, Lines 1c, 2a and 3g.

Line 5: Enter Percentage Attributable to Arkansas: Line 4 divided by the Double Weighted Factor. For Part B, Line 5, divide Line 4 by number of entries other than zero which you make on Part B, Column B, Lines (1c), (2a), and (3f). In Part B, Column C, Line (3f), counts as two (2) entries, only if using double weighted factor. **For corporations using the sales factor only or a single factor apportionment method under the special industry regulations, enter the percentage on Line 3 F, Column C.**

Part C - Arkansas Taxable Income

Line 1: Enter Income Apportioned to Arkansas. (Part A, Line 4) x (Part B, Line 5, Column C).

Line 2: Enter Direct Income Allocated to Arkansas: Include non-business income and partnership income/loss that are sourced to Arkansas. **Arkansas Regulation 1.26-51-802(b)** requires corporations to directly allocate partnership Arkansas income or loss to Arkansas rather than including partnership income and apportionment factors in the corporation's apportionment formula. Multistate corporations with partnership income should deduct all partnership income on Part A, Line 3 (Deduct Adjustments). Partnership losses should be added on Part A, Line 2 (Add Adjustments). The corporation's Arkansas partnership income or loss should then be entered on Part C, Line 2 Add: Direct Income Allocated to Arkansas line. Attach Forms AR K-1 and if claiming withholding, attach Forms AR1099PT.

Line 3: Enter only the amount of Apportioned NOL available or the amount needed to absorb the total of Lines 1 and 2 on Part C. *(Attach Form AR1100NOL).*

Example: Line C1=\$1000 + Line C2=\$500
NOL available is \$5000; Line C3 will only show \$1500

Line 4: Enter Total Income Taxable to Arkansas: Total of Lines C1 and C2, and subtract C3. (Enter here and on Line 30, page 1)

Special Industry Apportionment Rules

Arkansas Regulations require taxpayers primarily engaged in certain industries to apportion income using a special industry apportionment method. See below for a brief description of each special industry apportionment method. For a complete description of industries that are required to modify their apportionment factors, see the Corporation Income Tax Regulations at www.dfa.arkansas.gov.

Construction Contractors

Arkansas Regulation 1.26-51-718(d) modifies the property factor to include the average value of construction in progress. It also modifies the payroll factor to include compensation paid for particular construction projects and compensation "thrown back" to Arkansas if not reported to another state. The sales factor is modified for the percentage of completion method.

Television and Radio Broadcasting

Arkansas Regulation 2.26-51-718(d) modifies the property factor to exclude outer-jurisdictional, film and radio transmission property from the numerator and denominator of the property factor. The numerator of the sales factor shall include all gross receipts of the taxpayer from sources within Arkansas plus a ratable part of film or radio programming revenue including advertising revenue determined by an audience factor. The audience factor is determined based on the ratio that the taxpayer's Arkansas viewing or listening audience bears to its total viewing or listening audience.

Publishing

Arkansas Regulation 3.26-51-718(d) modifies the apportionment factors for taxpayers in the business of publishing, selling, licensing or distribution of books, newspapers, magazines, periodicals, trade journals, or other printed materials that have income from sources both inside and outside of Arkansas. Outer-jurisdictional property shall not be included in the property factor's denominator. The sales factor is modified to include a "circulation factor".

Airlines

Arkansas Regulation 4.26-51-718(d) requires airlines to determine Arkansas net taxable income by taking that portion of total operating revenue that the total passenger and freight receipts in Arkansas bears to total receipts from both inside and outside of Arkansas. The Arkansas and Total Passenger & Freight Receipts should be included on line 3.f. of Schedule A of Form AR1100CT with a notation that this represents Passenger & Freight Receipts.

The Arkansas and Total miles operated should be included on Line 3.f of Schedule A of Form AR1100CT with a notation that this represents mileage.

Pipelines

Arkansas Regulation 6.26-51-718(d) establishes special rules for taxpayers operating a pipeline for the transportation of oil or gas both inside and outside of Arkansas. The payroll factor includes compensation paid both inside and outside of Arkansas plus a ratable part for

services performed both in and outside the State based on the total number of barrel or unit miles in Arkansas divided by the total barrel or unit miles system-wide. The sales factor includes any gas sales and storage sales within Arkansas plus a proportionate part of system revenue earned in Arkansas determined on the basis of total barrel or unit miles within Arkansas to the total barrel or unit miles in the system.

Corporations that are partners in a partnership must allocate their share of partnership income as shown on form AR K-1 from the partnership.

Non-Business Income

The following items of income to the extent that they do not constitute business income are to be allocated to this State.

1. Rents & Royalties:

- A) Net rents and royalties from real property located in this State.
- B) Net rents and royalties from tangible personal property
 - 1) If and to the extent that the property is used in this State,
 - or**
 - 2) In their entirety, if the commercial domicile is in this State and the taxpayer is not organized under the laws of or taxable in the state in which the property is utilized.

The extent of utilization of tangible personal property in a state is determined by multiplying the rents and royalties by a fraction, the numerator of which is the number of days of physical location of the property in the State during the rental or royalty period in the taxable year; and the denominator of which is the number of days of physical location of the property everywhere during all rental or royalty periods in the taxable year.

If the physical location of the property during the rental or royalty period is unknown or unascertainable by the taxpayer, tangible personal property is utilized in the state in which the property is located at the time the rental or royalty payer obtained possession.

2. Gain and Losses:

Gains and losses from sales of assets:

- A) Sales of real property located in this State.
- B) Sales of tangible personal property.
 - 1) The property had a situs in this State at the time of sale,

Interest and dividends if the taxpayer's commercial domicile is in this State.

4. Patent and Copyright Royalties:

- A) If and to the extent that the patent or copyright is utilized by the taxpayer in this State,
- or**
- B) If and to the extent that the patent or copyright is utilized by the taxpayer in a state in which the taxpayer is not taxable and the taxpayer's commercial domicile is in this State.

A copyright is utilized in a state to the extent that printing or other publications originate in the state. If the basis of receipts from copyright royalties does not permit allocation to states or if the accounting procedures do not reflect states of utilization, the copyright is utilized in the state in which the taxpayer's commercial domicile is located.

Apportionment of Intragroup Intangible Licensing Transactions:

Regulation 1996-3 clarifies the calculation method for determining the sales factor in apportioning business income received from intragroup intangible licensing transactions. This regulation applies to a corporation that is a passive intangible holding company and receives business income from intragroup intangible licensing transactions with one or more members of the same group. Also, at least one of the other members of the same group from which the business income is received by the taxpayer must be subject to the Arkansas Income Tax Act.

The sales factor for intragroup intangible transactions is modified as follows:

1. If the licensing agreement states a method of measuring the activity between the licensor and licensee, the numerator of the sales factor is the amount of the sales or receipts received as provided in the licensing agreement.
2. If the licensing agreement does not state a method of measuring the activity between the licensor and licensee, the measuring activity will be based on one of the following:
 - a. If the licensee's activity generates sales or receipts, the numerator of the sales factor will be the percentage of sales in Arkansas compared to the licensee's total sales,**or**
 - b. If the licensee's activity does not generate sales or receipts, the numerator of the sales factor will be the percentage of units produced or cost of units produced in Arkansas compared to the licensee's total units produced or cost of units produced.

nsee's total units produced or total cost of units produced, **or**

- c. If neither of the above methods accurately represent the licensor's business activity in Arkansas, the licensor may petition for, or the Director may require, another method.

3. If the licensing agreement states a method of measuring the activity between the licensor and licensee in addition to a specifically stated dollar amount, the numerator of the sales factor will be the stated measuring activity plus the stated dollar amount attributable to Arkansas.

This Regulation modifies the sales factor for intragroup intangible licensing transactions only. Business income from any other source should be apportioned in accordance with **ACA 26-51-709**.

If a passive intangible holding company meets the above characteristics and the licensee elects to forego the intragroup intangible licensing transactions deduction, the passive intangible holding company will not be required to report the business income received from intragroup intangible licensing transactions for Arkansas income tax purposes.

The licensee's election to forego the deduction will be binding unless the licensee and the passive intangible holding company submit a written petition to change the election to the Director, and the Director approves the change.

Financial Institutions

In general, all state and national banks, savings and loan, building and loan associations, or any other entity operating as financial institutions are to be taxed under existing law. For a complete definition of “financial institution”, refer to **ACA 26-51-1402**.

Who Must File

- 1) A financial institution having its principal office in this State shall be taxed as a business corporation organized and existing under the laws of this State, **or**
- 2) A financial institution having its principal office outside this State, but doing business in this State, shall be taxed as a foreign business corporation doing business in this State.

This is not intended to recognize the right of a foreign financial institution to conduct any business in this State except to the extent and under the conditions permitted by any acts or any other now existing applicable laws of this State.

ACA 26-51-702 requires any taxpayer having income from business activity which is taxable both within and without this state, other than activity as a public utility or the rendering of purely personal services by an individual, shall allocate and apportion their net income.

ACA 26-51-426 adopted Internal Revenue Code Sections 582, 585, and 593 as in effect January 1, 1999, regarding bad debts of financial institutions.

ACA 26-51-1401 requires that a financial institution whose business activity is taxable both within and without this State to allocate and apportion its net income to this State. All business income which is includable in the apportionable income tax base shall be apportioned to this State by multiplying such income by the taxpayer’s receipts factor as described in ACA 26-51-1403.

Receipts Factor

Generally, the receipts factor is a fraction; the numerator is the financial institution’s gross receipts in Arkansas during the taxable year, and the denominator is all gross receipts that the financial institution derives from transactions and activities in the regular course of its trade or business. Interest from loans secured by real property is attributed to Arkansas if the property is located in Arkansas. Interest from loans not secured by real property is attributed to Arkansas if the borrower is located in Arkansas. Interest from credit cards receivables and fees charged to card holders are attributable to Arkansas if the billing address of the card holder is in Arkansas. Net gains from the sale of loans and loan servicing fees are sourced in the same manner as the loan interest. Net gains from the sale of credit card receivables are sourced in the same manner as the interest on credit card receivables. Interest, dividends, and net gains from investment and trading assets and activities are attributed to Arkansas if such receipts are properly assigned to a regular place of business of the taxpayer within Arkansas.
