MEMORANDUM

TO: PROJECT NOTIFICATION REVIEW PARTICIPANT

FROM: STATE CLEARINGHOUSE

SUBJECT: REQUEST TO REVIEW APPLICATION

DATE: October 27, 2014

The attached listing reflects applications that were received by the State Clearinghouse during the period indicated and are available for review and comment within the next 30 days.

Each listing contains an assigned identification number, the project title and a brief description of the application's content. The use of the abbreviation (NOI) in parenthesis indicates a "Notification of Intent" to apply for funds and is not a complete application. In most cases, the (NOI) will only be the 424 cover sheet form; however, a complete application will normally be forthcoming 30 days later.

If you desire to formally review any item listed, please indicate by placing the number assigned (i.e.AR#; Environmental Impact Statement; Public Notice) in the space provided below. In accordance with the Project Notification and Review System, anyone who makes a request to review an application must return his comments, should there be any, along with the application to the State Clearinghouse within the specified time period. Under certain circumstances, the reviewer may request an extension of time for his review and comments. This extension cannot exceed 30 days.

PROJECT ACTIVITY REPORT
October 27, 2014

The State Clearinghouse, Single Point of Contact is in receipt of the Projects listed below for Federal Aid pursuant to the State of Arkansas Project Notification and Review System during the week of October 20, 2014 through October 24, 2014.

- AR 141020-015** Arkansas Department of Health/Family Health Branch
Description: Early Hearing Detection and Intervention (EHDI) national goals promote hearings screening for all newborns before one month of age; diagnostic audiological evaluation as early as possible, but no later than three years of age, for those who did not pass the screening; and enrollment in early intervention services as early as possible, but no later than six (6) months of age, for those identified with hearing loss. In order to determine the impact of hearing loss on children and their families and the quality of services they receive, every state EHDI program must have a successful data capture and tracking system in place to identify children through each step of the process. Arkansas's goal focuses on the development of a web-based information system (Electronic Registration of Arkansas Vital Events or ERAVE) that will accurately identify, match and collect data that is un-duplicated and individually identifiable for each infant born in the state.
Cost: \$ 151,798
Funding Agency: Centers for Disease Control & Prevention
Impact: Statewide
